CAL-NEVA TOKEN LEDGER

DEVOTED TO WESTERN STATES EXONUMIA

Published by
CALIFORNIA-NEVADA TOKEN SOCIETY

The CAL-NEVA TOKEN LEDGER is the official publication of the California-Nevada Token Society, an informal, educational, non-profit organization devoted to stimulating and maintaining interest in the tokens, medals and other exonumia of the western states.

CANTS was founded in 1971 as the California Token Society. In the same year, the name was changed to the California-Nevada Society to reflect the interests of its members. In 1975, the membership voted to expand the scope of interests to include all the western states, and to consider a change in name in the future depending on member interests.

All members of CANTS receive the CAL-NEVA TOKEN LEDGER as part of their yearly membership dues of $4.00, paid annually in advance. Back issues, if available, can be purchased @75¢ per issue from the editor.

Reproduction or other use of the material in this publication may be given upon written request.

The California-Nevada Token Society holds two general membership meetings each year, usually in the Spring at the Token and Medal Jamborees in San Jose, Cal., and in the Fall at the annual coin show of the Delta Coin Club, Stockton, Cal. Additionally, local membership meetings are arranged often by various members; notice of these meetings is publicized in the LEDGER, and all interested persons are invited at all meetings.

Cal-Neva Token Ledger

25 JUNE 1976: - This has been a busy month for me. At the beginning of the month, I put together and mailed out my second retail price list (sorry, no tokens, just Indian & Islamic coins), and then hopped down to Los Angeles et vic. for the C.O.I.N. show. The coin market is nosediving into new doldrums, and it seemed that nobody was selling the way they did in the good old days of 1974 and 1975. Rare coins at reasonable prices still seem to move, but common material seems virtually unsaleable at any price, a factor I'd attribute to a lack of new collectors. To a limited extent, the same has been true of exonumia. Serious and advanced collectors still continue to set new price records, but with a lack of beginners, the common material just is not in much demand.

JULY GET-TOGETHER: - The month of July traditionally features the joint meeting of CANTS and BATS at the home of Duane Feisel, 869 Gardenia Way, Los Altos CA. The date is Sunday, July 11, usual noon til five hours. There is a swimming pool, so come equipped for a dip, if you like. Directions: from I-280, take El Monte Ave. exit, take El Monte eastbound to University, right on University, about 5 blocks to Gardenia Way, where you can only turn left. As usual, John Coffee will be on hand from Boston. This meeting always has good attendance, and lots of room for swapping tokens, medals, and tales (or taels). For those who might enjoy killing two birds with one token, there is a coin show from 9-11 July at the Golden Gateway Holiday Inn on Van Ness Ave. in San Francisco, and you might wish to drop by the show Sunday morning before the meeting at Duane's.

Also, the California Exonumist Society is sponsoring its 15th Annual Show at the Holiday Inn of Fullerton, cor. Harbor Blvd. & Fwy 91 (Riverside Fwy), on Sunday, July 25, 10-6. I haven't been to a CES affair since the 1st in 1962, but hear they are quite a bit of fun, and worth attending. I am going to try to find an excuse to be down in LA at that time!

. . .

For those who will be in the Big Apple in August, the ANA is convening in New York, at the Americana Hotel, 7th Avenue & W. 54th Street, 24-29 August. There won't be too very much on the floor, but several exonumist groups set up shop in hotel rooms, and the possibility of wheeling and dealing is stupefying. Besides, the local streets offer innumerable attractions, restaurants, theatres, porn shops, streetwalkers, panhandlers, muggers, etc.

BICENTENNIALIA: - The CANTS Bicentennial project is now off the ground. About half the questionnaires went into the mail late last week, and replies should start arriving soon. A card and photo file is being organized, and with some luck, we should have most of the replies in by the end of July. If you know of any bicentennial tokens or medals issued in your area, let me know; it may duplicate information I already have, but it

could well be something new. In either case, it will be greatly appreciated. Also note that a lot of medals issued for other purposes and to commemorate other events during 1976 also carry a reference to the bicentennial. These will be included in our catalog, so please send me information concerning them. This would include coin clubs, fraternal groups, civic issues, etc., as well as private tokens and souvenir pieces. At present, I have listed about 40 medals, and over 100 tokens, most of which are issues of the Patrick Mint, San Francisco. The more the merrier, so send me any information that comes your way.

TURLOCK MEETING - A regional CANTS meeting was held at the Stanislaus County Fairgrounds on Sunday, June 20, during the Central Valley Collectors and Hobby Faire. Attending were: Carl Ross (husband of Clarine Tyler Ross), Walter Wright, Bill Williges, Ron Lerch, Dan Jacobson, Gilbert Moreno, William A. Williges, Bob Swain and Duane Feisel. Considerable material changed hands, including a large collection of mirrors. Future meeting dates and places were discussed, and Ron Lerch has issued an invitation to hold a meeting in Sacramento in September; specific information will be provided in the next issue. Our annual fall meeting of the Society will be held in Stockton in November during the show of the Delta Coin Club; look for additional information on this once we know of the dates. *****DHF

PRESIDENT'S MESSAGE - Over the past six months we have had a great increase in our membership, due in part at least to the fact that METCA has ceased publishing. I hope that part of this increase is also due to the fact that our organization has something worthwhile for its members. "Welcome" to all our new members! I hope that CANTS is able to provide the things you are seeking in this great hobby.

However, any organization can be only what its members make it. Our meetings are great, but the attendance is usually limited to those within a few hundred miles of the meeting place. The only way we have of all getting together is through the *LEDGER*. I view this publication as the lifeblood of our Society and, as such, it should be a part of all of us. To that end, I urge all of you to consider contributing something to the *LEDGER*. It doesn't have to be a major work, although that would be welcomed. I think that each one of us has something interesting to tell about exonumia, and we welcome more articles, news bits, information, ads or whatever from our members. The *LEDGER* will be what we collectively make of it. Don't you have something to be used in a future issue? *****DHF

LAST CHANCE FOR ROSTER INFORMATION - Work on the CANTS membership roster will commence in mid-July. Those of you who have been members for a while should have returned the roster information sheet sent out to you some months ago. Otherwise, only bare-bones information will be included. Those of you who have become members in 1976 will have listed the information provided on the membership application form. The roster will carry paid advertising (same rates as the Ledger), and since the roster will be for two years, the ads will have a long life. So, take notice that the cut-off date for any material for the new roster is July 17! *****DHF

MORE FOOD STAMP TOKENS - Four more sets have recently come to my attention, including two previous unavailable towns:

Forest Grove CA - House of Richard (health food store), set of five, 1¢ through 50¢
Avenal CA - Finster's Market, 803 Skyline, set of 5, 1¢ to 50¢
Coalinga CA - State market Giant Food, set of 3, 1¢ thru 10¢ (replaced by cardboard tickets; 25 & 50¢ in plastic never issued)
Coalinga CA - Coalinga Market, 309 E. Polk St., set of 5, 1¢ through 50¢.

*****

NEW FINDS: - Things are slower everywhere, but I still hear of fantastic discoveries from time to time. I have picked up Highgrove CA (a new town) recently, and goodies from Mills CA and Perris CA. New member Lyle Ehorn reported another new town, Shingletown CA, a nice early token. John Reynolds turned up two nice San Joaquin CA pieces, an unlisted Caruthers with city and state, and some more.

RETURN OF THE GAMING TOKEN

After a lapse of several years, gaming tokens are once again making their appearance in Nevada. But unlike the good ol' days of 1965-69, these are of high denomination, $5, $25, and $100, to wit, struck in bronze, pure silver, and 10 karat gold, respectively. They are issued by the Holiday Hotel & Casino of Reno. All denominations show a bucking horse on the obverse. The reverse of the $25 and $100 tokens has a bicentennial motif with eagle, Bennington flag, and Liberty Bell, while the reverse of the $5 token portrays the Hotel building. They were designed by Reno artist Mel Mathewson, who did the obverse, and Ramon Gordils, of Bronx NY, who designed the reverses. They were struck by Medallic Art Co., Danbury CT, and have been written up in that company's publication, The Art Medallist, from which this paragraph has been extracted.

It is a shame that the moderately priced $1, and $5 tokens of the late 1960's are being replaced with items decidedly beyond the means of the average collector-amateur (I use the word 'amateur' in its French meaning: one who collects out of genuine interest and liking of the material). These must join the ranks of the expensive 'gift certificate' tokens issued by several department stores and jewelry houses (Bullock's, Tiffany's, etc.), which comprise denominations as high as $1000.

+ +

RENO note: Another casino, Del Webb's Primadonna, also in Reno, has issued a gilt bronze bicentennial item, apparently a cheapo, unlike its neighbor mentioned above. Details of issue, maker, distribution, and availability are not presently known.

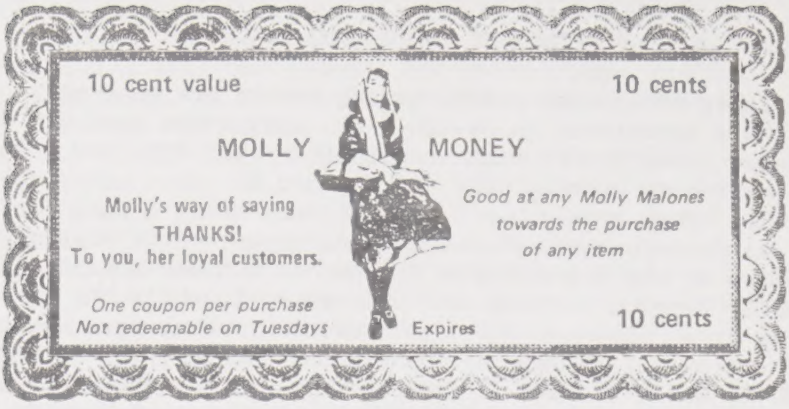
MOLLY MALONE SCRIP

According to CANTS member Dan Jacobson, a Sacramento fast food outfit by the name of Molly Malone's Fish & Chips has issued a set of four different pieces of paper scrip, of which a Xerox of one denomination is shown below.

The four denominations are 10¢, on white paper, 50¢, on blue paper, $1.00, on green paper, and 'free dinner' on gold paper. All have black printing. All the coupons are redeemable at any of the small chain's four restaurants, in Sacramento, Rancho Cordova, North Highlands, and Citrus Heights. It is believed ten thousand of each were printed. Their method of distribution is not known, but they are not reused; upon redemption, they are canceled and kept for bookkeeping purposes.

The outfit has agreed to make coupons available to CANTS members. Send SASE to Molly Malone's, 10437 Folsom Blvd., Rancho Cordova CA 95670, and make the envelope: ATTN: BILL in order to receive a set.



= RANCHO BUCKS =

The merchants at the Rancho Shopping Center, Los Altos, Cal., had a sales promotion idea which utilized "Rancho Bucks", an example of which is shown below. These were issued in denominations of $1, $5 and $10. With each purchase made at one of the Rancho merchants, the customer received an equal amount in "Rancho Bucks." Finally, on September 27, 1975, a variety of merchandise items were put up to auction, but the only way to buy anything was with the "Rancho Bucks."

I acquired a number of sets of the "Rancho Bucks" and will send a set to any CANTS member who requests a set, and who encloses a stamped addressed envelope. Additional sets are available at 25¢ per set. *****DHF

The WILLITS FRONTIER DAYS is celebrating its 50th anniversary this year (1976), and has struck medals in bronze and silver. The bronze sells for $3.50 (unnumbered, 500 issued), the unnumbered silver for $16 (150 issued). In addition, 150 matched numbered sets of silver and bronze were sold at $26.50. The sets and silver singles are sold out, but single bronze medals are still available, from Willits Frontier Days, P.O. Box 604, Willits CA 95490 (please send check or MO, not cash), for $3.50 postpaid. The medals were designed by local enthusiast, W.P. "Dusty" Whitney, and struck by V.H. Blackinton of Attleboro Falls MA.

PAW PRINTS - The collecting of dog licences (& other animal licenses) has emerged from the nether morass to become a specialty of its own. Now there is an organization for dog-tag collectors, with a newsletter offering interesting articles, pricing info, and free 4-line ads for members. For more information, contact Harry Baker, P.O. Box 5239, Phoenix AZ 85010. Incidentally, several CANTS members are active doggie tag collectors, including Nicolosi, Kielsmeyer, Schmal, and others.

MORE TOKENS OF THE PATRICK MINT

Jess Patrick

The following is a continuation of the list of Bicentennial tokens done by the Patrick Mint, which was begun in the last issue of this publication. All tokens on this segment of the list were struck from yellow bronze, unlike those on the previous list, which were made of red bronze. The Great Events of the American Revolution and Great Americans sets were struck in red bronze, whereas the new American Numismatics - 50 Great Events set was produced in yellow bronze.

All sets are still available from The Patrick Mint (ad this issue) for $9.75 postpaid per set including Merchants Set #3, 50 different tokens (includes 28 CA, 2 NV, and 3 winery tokens).

AS A MEMBER, YOU ARE ENTITLED TO ONE FREE SIX-LINE AD EACH ISSUE, BUT A DIFFERENT AD MUST BE SUBMITTED EACH TIME. THE AD SHOULD BE ON A SEPARATE PIECE OF PAPER, AND NOT PART OF A LETTER. PLEASE SUBMIT YOUR AD AS FAR IN ADVANCE OF THE PUBLICATION DEADLINE AS POSSIBLE. THE ADS PROVIDE ADDITIONAL INFORMATION AND INTEREST TO ALL MEMBERS--WHY NOT USE THIS MEMBERSHIP PRIVELEGE?

COVER ART--Shown on the front cover are rubbings of a number of tokens. Leading the list is the new discovery by Steve Album of the Highgrove piece. Finally, the L.A.H. token, described earlier in an article by Charlie Kappen, is shown. To finish off the grouping are three tokens I obtained at the last Jamboree. Rubbings of interesting pieces you have will be welcomed for future cover art, but they should be made carefully. ***** DHF
